## IMPORTANT: Fire Safety

Dear Y6 Families,

It has been brought to our attention that a small group of Y6 pupils in our school have allegedly been involved in criminal activity involving fire lighting outside of school. I am bringing this to everyone's attention to ensure that we work collaboratively to reinforce important safety messages to all of our children. Our school rules are clear and we talk regularly to children about 'Being Safe' but we only hope that these messages are reinforced outside of school too. Please speak with your child/ren about the severity of this issue.

Recently, Y6 children have attended Safety Works where this very issue was raised directly with them all during their visit via the Police/Fire Services. However, I have requested that the year group deliver PSHE lessons today which focus directly on risk and bring about important messages relating to emergency services. Additionally, the Fire Prevention and Education Team have agreed to support us in delivering a whole school safety assembly for all children in the coming weeks.

I am sure that we are all in agreement that we would never wish to hear of a child in our school who has not acted upon the education that they have received in relation to this important issue. We hope that nobody was ever hurt or had hurt someone else due to reckless behaviour in our community.

Thank you for your ongoing cooperation and I hope you can see that we have taken this very seriously.

Yours sincerely,

Mr D. Walton-Jonas
