### To which Ethnic group do you consider you belong?

Our ethnic background describes how we think of ourselves. This may be based on many things, including, for example, our skin colour, language culture, ancestry or family history. **Ethnic background is not the same as nationality or country of birth.**

The information commissioner (formerly the Data Protection Registrar) recommends that young people over the age 11 years old have the opportunity to decide their own ethnic identity. Parents or those with parental responsibility are asked to support or advise those children aged over 11 in making this decision, wherever necessary. Pupils aged 16 or over make this decision for themselves.
