

In our Science lessons we...

**Promote talk
and
deeper thinking**

**Participate in
practical,
hands-on
activities**

**Use
scientific vocabulary
accurately**

**Are
challenged**

**Develop
our curiosity**

**Create
scientists of
the future**

**Work
outside**

Have fun

Our Vision:

At Broadway, we give children a Science curriculum which allows them to explore, discover and investigate the world around them, building a deeper understanding of our universe. Our lessons stimulate and excite pupils, ensuring every pupil has the opportunity to succeed.
