

Termly Learning Leaflet

Year 6

Summer Term 2026

This term, in Year 6, we will be reading...

Reading

In order to reinforce learning, your child will continue to bring home a reading record book. We would like to thank parents and carers who support their child when reading at home, as it is so important that children are reading regularly, hopefully for 10 – 15 minutes, at least 5 times per week. It would be really helpful if you could listen to your child read and record this in their home reading record. Reading records are to be returned every **Monday** morning. Children will bring a book home from school, but they are also quite welcome to read any books or magazines they have at home. Year 6 continue to use the **Reading Plus** program to help your child become a better reader but this access for Year 6 will end after SATs week.

Homework Expectations at Broadway Junior School

Starting this term, children will receive homework set using Sumdog or Times Tables Rock Stars (alternating each week) **on Monday** to be returned the **following Monday**. The work will be explained and discussed in class before coming home; it may be a continuation of classwork, or a task to consolidate learning. We would really appreciate your support in ensuring your child completes and returns their homework on time. This will hopefully get children into a good routine for the demands of secondary school homework! Your child will continue to complete three Reading Plus sessions in school, but we encourage them to complete **two more Reading Plus assignments outside of school** until the end of SATs week.

PE in Year 6

Children in Year 6 will participate in P.E. on **Fridays**. Your child will need to arrive in school wearing their PE kit.

5 Ways to Wellbeing

With the summer months approaching, we are hoping to make the most of some warmer weather and spend more time learning outdoors. The final term in Year 6 is always a one to remember, with events such as: Year 6 leavers' performance, sports day and other exciting celebrations.

Curriculum Enrichment – Our Plans...

As part of our history topic, we will be studying industrial Sunderland. A visit to Nissan will also complete this unit as we think about the future of industry in our local area. A visit to Safety Works and the Beacon of Light will also take place this term - details to follow.

After School Clubs

This term, Year 6 children will have the opportunity to attend a range of after-school sports clubs; further details will be sent out separately. We have our final few SATs club sessions too – if your child hasn't received an invite but would like to attend, please do let us know and we will try our best to accommodate.

Our Curriculum in Year 6 this term...

In Reading we will...
Focus on test technique, skimming and scanning, cool and uncool answers as well as strengthening our fluency and inference skills.
In Writing we will...
Plan and write an extended narrative which feature a flashback linked to the Titanic disaster. We will write an explanation using a range of presentational and organisational devices to structure the text and guide the reader. We will also present or recount information demonstrating appropriate language and feature choices.
In Mathematics we will...
Learn how to visualise 3D shapes by studying their corresponding 2D net, calculate the volume of 3D shapes and interpret line graphs and bar charts. Following SATs, we will be preparing the children for their Year 7 mathematics curriculum.
In Science we will...
Describe how living things are classified into broad groups according to common observable characteristics and similarities and differences, including classifying micro-organisms, plants and animals.
In Geography we will...
Understand that compass points can give specific directions & why maps use aerial perspectives. Explain the human features in a locality their change over time. Locate and identify both human and physical features. Calculate distance using scale. Grasp the concept of place and space.
In History we will...
Study Sunderland's changing industry: glass making, coal and shipbuilding. Focus on the River Wear and how it has met the demands of Sunderland, and continues to today. Compare Vaux brewery site with today's current redevelopment: the new City Hall. Look at the impact Nissan has had on the city and what the future may hold for Sunderland.
In Art we will...
Plan, design and make memory mood boards that portray our four years at Broadway.
In Music we will...
Continue our glockenspiel and ukulele lessons. Write, listen, review and perform a song for the Year 6 leavers' assembly.
In French we will...
Learn how to talk about what we do at the weekend using appropriate French vocabulary.
In D.T we will...
Explore different playground structures and layouts. Design our own playground structures and make prototypes. Children will require a shoe box (or similar sized box) to complete their design. Please keep your shoe box at home and bring it to school after May half term.
In P.E we will...
Learn the rules of a variety of outdoor games in order to play them successfully and practise key skills related to the games. Build upon effective teamwork.
In R.E we will...
Answer: For Christians, what kind of king is Jesus? How does faith help people when life gets hard?
In PSHE/RSHE we will...
Study economic wellbeing and will explore families and relationships.
In Computing we will...
Manage online information and learn how protecting privacy and security can help us to use the internet safely.

Please speak with Miss Smith, Mrs Johnson and Mrs Robinson directly if you have any specific questions about the intended curriculum in your child's year group.

We look forward to welcoming you all to the school for our events in the coming weeks and months. Please remember to keep up to date with the monthly Broadway Bulletin and ensure we have your correct contact details at all times so you remain well informed.
